

The Al Ghurair Foundation Youth Advisory Council

The Al Ghurair Foundation Youth Advisory Council

Launch date: June 2022

In line with the Abdulla Al Ghurair Foundation's commitment to empowering youth as key stakeholders, the Al Ghurair Foundation Youth Advisory Council was established to include youth's perspectives as important stakeholders.

Purpose of the council

Embed the views of youth into the Foundation's programming so that programs are conceptualized, planned, and implemented with the guidance of youth.

Support the Foundation's thought leadership & programmatic efforts and shape future initiatives and engagements.

Developing programs with youth gives them a sense of ownership and leads them to engage with programs differently. When our voices are heard in identifying solutions to our needs, it gives us hope and empowers us to look within ourselves and understand our aspirations. It also encourages us to strive for a positive impact and solve challenges in a spirit of collaboration.

Sarah Bawazir
President, Al Ghurair Foundation Youth Advisory Council

The Al Ghurair Foundation Youth Advisory Council -

The Council contributes to the Foundation by engaging relevant stakeholders, supporting research projects, and representing the Foundation on national, regional, and international levels.

Since its establishment, the Council contributed to the Foundation in multiple ways, including:

Supporting research by conducting focus group discussions and reviewing knowledge products

Going on field visits to learn about best practices that are essential for programmatic development

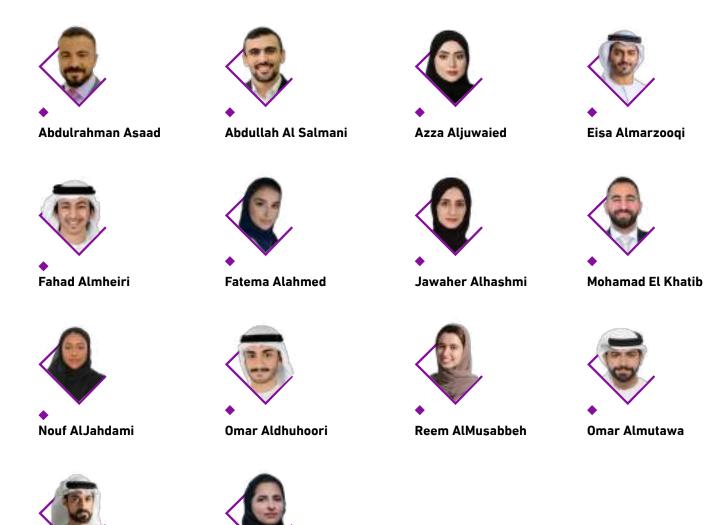

Raising awareness about the Foundation's programs and initiatives

Participating in speaking engagements and networking events

The Council is composed of 14 outstanding Emirati and Arab youth
